

Virginia Winery Status (as of 6/25/20)

This list is a GENERAL GUIDE only, developed to help you narrow down your choices based on what's important to you. **PLEASE check websites before you go**, though – every winery has its own specifics on reservations, group sizes, etc.

- If you don't see your favorite winery on this list, check with them directly.
- A few things to expect when you visit during Phase II of reopening:
 - Many wineries are not taking cash.
 - You will not be able to combine tables or groups – very important! Please don't make the wineries be the bad guys on this.
 - Outside alcohol is never permitted in a Virginia winery.
